Hot Tip: Diabetic Supplies

Healthy Blue members on non-preferred diabetic medication products may experience a pharmacy claim rejection. Please consider prescribing preferred products whenever possible. This will help avoid additional steps or delays at the pharmacy. *Clinical Criteria* may need to be met for certain preferred products. Coverage should be verified by reviewing the *Preferred Drug List* on the Healthy Blue website provider.healthybluenc.com. The *Preferred Drug List* is subject to change biannually and at the Department's discretion.

Prior authorization will be required for any requests over the quantity limit or for non-preferred products. Exceptions can be submitted through the Healthy Blue durable medical equipment fax at **844-451-2793**.
